## What is the “Think Pharmacy” Minor Ailment Service?

The Minor Ailment Service makes it easy for you and your family to get advice and treatment for your health concerns at a time that suits you.

### How much does it cost?

If you currently get free prescriptions, you won't have to pay for your treatment.

If you pay for your prescriptions, you will pay no more than the current prescription charge for each item.

### How does it work?

**You don't need an appointment.** You can visit any pharmacy for advice and treatment.

You'll have your free consultation with the pharmacist in a private room.

The pharmacist can supply *some* medicines that would normally need a prescription and you won't need to see a doctor first.
